

## Hospital Road cable installation

27 March to 30 March 2019

Work to establish the Randwick Campus Redevelopment project site continues.

A temporary electricity kiosk will soon be installed in an existing garden bed along Hospital Road. The kiosk will supply power for the Randwick Campus Redevelopment construction site.

In preparation, initial cabling work is required to enable the installation of the kiosk. Cable work will occur between 27 March and 30 March 2019.

We thank you for your patience as we undertake this important work.

### Work activities

- Establish safety exclusion zones
- Service investigations and surveying along Hospital Road
- Temporary pedestrian diversions around work zone
- Saw cutting of concrete within work zone
- Hand and machine excavation within existing garden bed
- Installation of conduits and cables
- Backfilling of excavations and tidying of work area
- Electrification of new cables.

### How will access be managed?

Access will be maintained during the work and pedestrians will be diverted with the support of traffic controllers.

Maintaining hospital and emergency access during this time is our paramount priority.

### Work hours

All work is scheduled to occur during approved site hours;

- Monday to Friday, 6:00am to 6:00pm and
- Saturday, 8:00am to 5:00pm.

Work may be rescheduled due to inclement weather or other unforeseen circumstances.

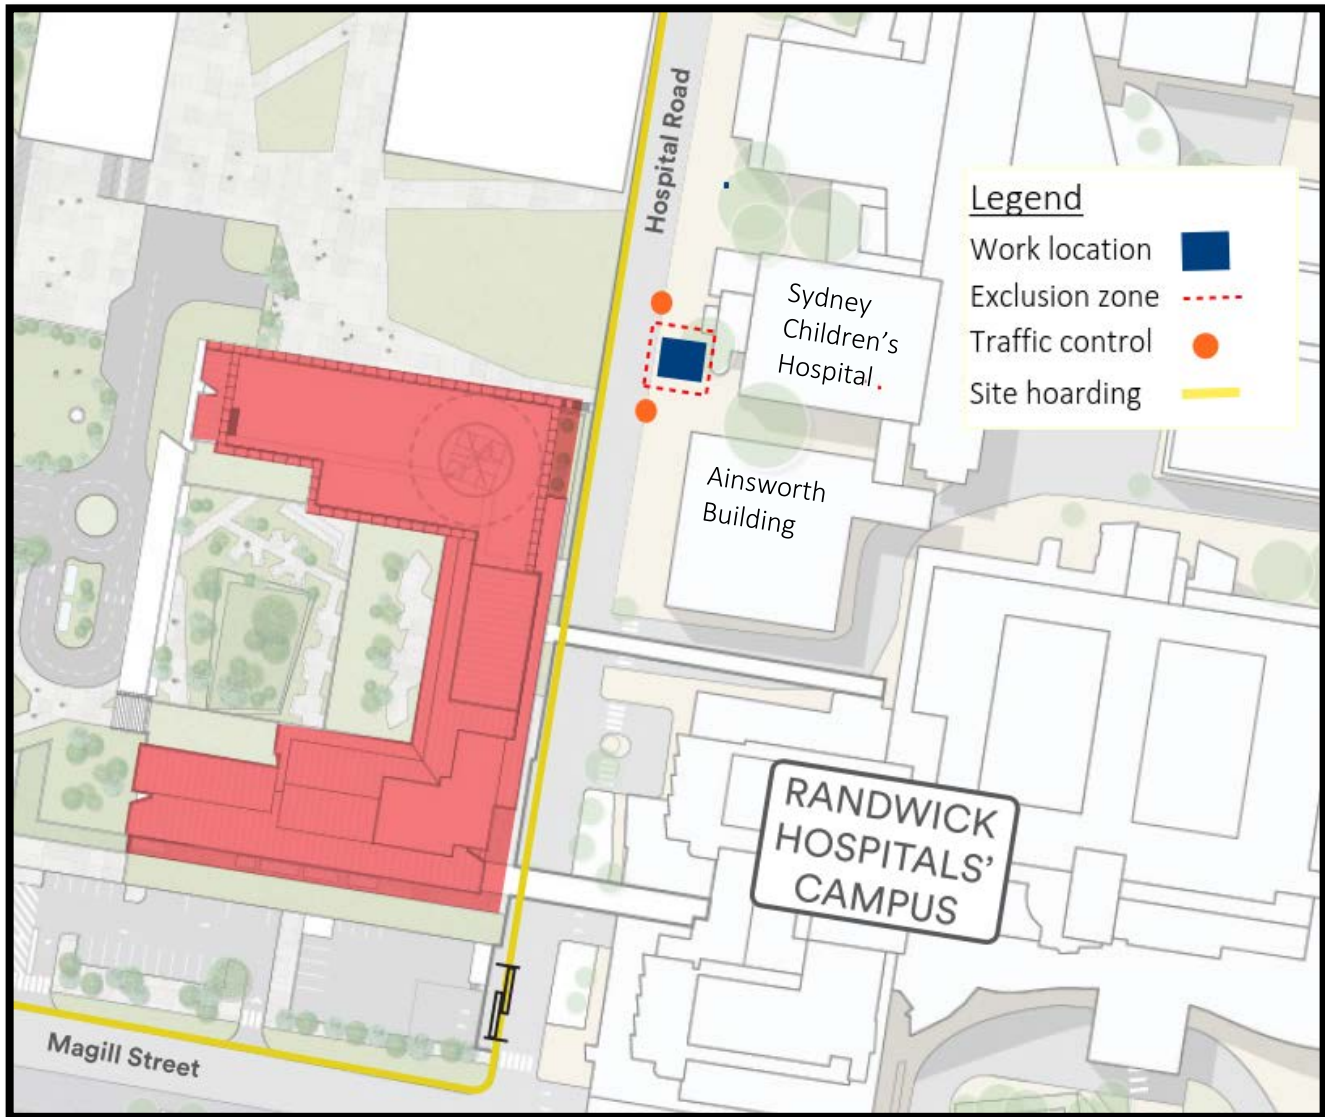

### Scheduled power outage – Ainsworth Building – Saturday 30 March 2019

To enable the newly installed cables to be electrified, mains power to the Ainsworth Building will be temporarily disrupted on Saturday 30 March 2019.

During the disruption, power will be supplied by the building's backup generator and all essential services will be maintained.

Significant planning for this work has occurred and Hospital Campus engineering personnel will be on site during the activity.
