

NOTIFICATION OF BOTANY STREET FOOTPATH CLOSURE

What is happening?

From Monday 27 March, for approximately two weeks, landscaping and works to reinstate a section of kerb, gutter and footpath along Botany Street adjacent to the Randwick Campus Redevelopment site will be undertaken.

These works will see the temporary closure of the eastern footpath, between High Street and the new signalised intersection in front of the Prince of Wales Hospital Acute Services Building.

Pedestrian diversions to the western footpath, utilising the signalised pedestrian crossings will be in place 24 hours a day for the duration of works. Construction activities will occur between 7am and 6pm daily, with no works on Sundays or public holidays.

Please refer to the below map for details.
