

Community Notice – April 2020

This community notice summarises construction activities scheduled to occur in April 2020 for the Randwick Campus Redevelopment.

All construction activities are carried out with the health and safety of the local community as our top priority.

We endeavour to keep noise, dust and vibration to a minimum. Where possible, activities are scheduled during standard site hours 7am to 6pm Monday to Friday, and 8am to 5pm Saturdays.

At times specific construction activities may be scheduled during weekends or evenings for traffic and safety reasons. Activities may be rescheduled due to unforeseen circumstances or inclement weather. In the event that this happens we are committed to providing advance notice.

We thank you for your patience while we expand our world-class health, research and education facilities.
