

RANDWICK

CAMPUS REDEVELOPMENT

Out of hours demobilisation of plant and equipment from Hospital Road via High Street - Wednesday 3 February 2021

Construction activity is underway along Hospital Road as part of the Randwick Campus Redevelopment. Construction activity includes piling and excavation on Hospital Road.

Piling equipment has recently been used to undertake piling works, and will be removed from the site compound on Hospital Road on **Wednesday 3 February between 2:00am and 4:00am and take approximately 1 hour to complete.**

Removal will be made using an oversized truck entering Hospital Road from High Street. It is a requirement of Transport for NSW that removal of equipment this size occurs out of hours.

Plant and equipment will be loaded at the High Street and Hospital Road intersection. Traffic control will be in place to support vehicle movements.

Lighting towers will be used to enable safe loading of equipment and will be positioned to minimise impact on surrounding buildings.

Work may be rescheduled due to unforeseen circumstances of inclement weather.

We thank you for your patience during this important work.
