

Notification of weekend works – tower crane activity, July 2024

To support ongoing construction of the UNSW Health Translation Hub, weekend site activities will be undertaken in July by UNSW's construction partner, Hansen Yuncken, to enable tower crane modifications.

Approved works will be carried out between the hours of 6.30am and 6pm daily and are planned during the following weekends (weather permitting):

- **Saturday 20 and Sunday 21 July**
- **Saturday 27 and Sunday 28 July**

Construction vehicles and equipment will enter the site via the Botany Street construction gate and carry out all activities from within the construction site.

Some intermittent construction noise is likely as a result of these works.

For any questions or concerns about this activity, please contact the project team via the details below.

Thank you for your patience while we deliver this important project.

Please note that all activity dates and times are subject to change. Contingency dates of Saturday 3 and Sunday 4 August are proposed in the case of inclement weather impacting planned activity.
