

Hospital Road Construction

Night works – Hospital Road resurfacing

Night works will soon commence on Hospital Road between Delivery Drive and Barker Street to repair and improve the road surface.

Works will be carried out from **Monday 12 September** for two consecutive nights.

Associated line marking works will be completed **Monday 19 September**, weather permitting.

All works are being completed as nightworks between **6pm and 6am** to manage traffic and pedestrian access and to ensure hospital operational continuity.

During this work, there will be **no access** to Hospital Road from Barker Street, Magill Street or Francis Martin Drive.

Ambulance access will be maintained through Barker Street via Avoca Street to Nurses Drive.

While every effort will be made to minimise disruption, some noise can be expected during these works.

For any questions or complaints about this work, please call the Randwick Campus Redevelopment project team on the 24/7 number, 1800 571 866.

Thank you for your patience while we progress these important works.
