

Hospital Road Construction

Rescheduled night works – Hospital Road linemarking

Due to inclement weather, previously communicated night works on Hospital Road, between Delivery Drive and Barker Street, have been rescheduled.

Line marking activities will now be carried out overnight on **Monday 10 October, between 6pm and 6am**, weather permitting.

Works are being completed as nightworks to manage traffic and pedestrian access and to ensure hospital operational continuity.

During this work, there will be **no access** to Hospital Road from Barker Street, Magill Street or Francis Martin Drive.

Ambulance access will be maintained through Barker Street via Avoca Street to Nurses Drive.

While every effort will be made to minimise disruption, some noise can be expected during these works.

For any questions or concerns about this activity, please call the Randwick Campus Redevelopment project team on the 24/7 number, 1800 571 866.

Thank you for your patience while we progress these important works.
