

Notification of intermittent works – construction machinery and equipment deliveries, September 2023

To support ongoing construction of the new Sydney Children's Hospital Stage 1 and Minderoo Children's Comprehensive Cancer Centre, and the adjacent UNSW Health Translation Hub, out of hours activity to deliver construction machinery and equipment will take place intermittently during 2023.

Upcoming out of hours deliveries are planned to take place on up to eight mornings between Wednesday 6 September and Friday 29 September.

To support these deliveries, trucks and trailers will enter the construction sites off Botany Street between **midnight and 7am**, with the unloading of machinery and equipment commencing from 7am. No construction activity will occur prior to 7am.

These works may result in minor noise impacts from vehicles entering and exiting the site, along with the unloading of equipment.

For any questions or concerns about this work, please contact the project team.

Thank you for your patience while we work to deliver these exciting projects.

Please note that activity dates and times are subject to change.
