

Notification of out of hours works – High Street/Hospital Road intersection, 12 to 14 August 2024

As part of ongoing construction activity to deliver the Sydney Children's Hospital Stage 1 and Minderoo Children's Comprehensive Cancer Centre, out of hours works will be undertaken in August to remove the traffic signals at the intersection of High Street and Hospital Road.

Works will be carried out between the hours of 9pm and 2am on the evenings of Monday 12 to Wednesday 14 August inclusive.

Access to the Sydney Children's Hospital, Randwick drop-off area will be maintained under traffic control while works are underway in the area. Some intermittent construction noise is likely as a result of these works.

Following completion of the traffic signal removal, there will be no formal pedestrian crossing adjacent to the Sydney Children's Hospital main entrance.

Traffic control personnel will be on location up to and including Thursday 15 August to support the changed conditions and help educate pedestrians, with temporary signage also in place.

For any questions or concerns about this activity, please contact the project team via the details below.
