

Notification of intermittent works – construction machinery and equipment deliveries

To support ongoing construction of the new Sydney Children's Hospital Stage 1 and Minderoo Children's Comprehensive Cancer Centre, out of hours activity to deliver construction machinery and equipment will take place intermittently throughout 2023.

Upcoming out of hours deliveries are planned to take place on up to three mornings between Monday 22 May and Monday 5 June.

To support these deliveries, trucks and trailers will enter the construction site off Botany Street between 4am and 7am.

The unloading of machinery and equipment will commence from 7am.

These works may result in minor noise impacts from vehicles entering and exiting the site, along with the unloading of equipment.

For any questions or concerns about this work, please contact the project team via the details below.

Thank you for your patience while we work to deliver this exciting project.

Please note that activity dates and times are subject to change.
