

Notification of intermittent works – construction machinery and equipment deliveries, December 2023 and January 2024

To support ongoing construction of the new Sydney Children's Hospital Stage 1 and Minderoo Children's Comprehensive Cancer Centre, out of hours activity to deliver construction machinery and equipment will take place intermittently.

Upcoming out of hours deliveries are planned for up to three mornings between Thursday 7 and Thursday 21 December, and up to four mornings between Thursday 11 and Wednesday 31 January.

To support these deliveries, trucks and trailers will enter the construction site off Botany Street between **midnight and 7am**, with the unloading of machinery and equipment commencing from 7am. No construction activity will occur prior to 7am.

These works may result in minor noise impacts from vehicles entering and exiting the site, along with the unloading of equipment.

For any questions or concerns about this work, please contact the project team.

Thank you for your patience while we work to deliver these exciting projects.

Please note that activity dates and times are subject to change.

The SCH1/MCCCC site will be closed from 6pm on Friday 22 December and reopen from 7am on Monday 8 January 2024.
