

## Notification of weekend works – construction hoist removal, Saturday 26 to Sunday 27 August 2023

As part of completion activities for the Prince of Wales Hospital Acute Services Building (ASB), weekend site activities to remove the external construction hoist on the western façade of the building are scheduled.

**Approved activities will occur between the hours of 8am and 5pm on Saturday 26 August and may extend to the following day between the same hours (weather dependent).**

The construction hoist will be dismantled in separate pieces and loaded onto trucks for removal using a mobile crane.

Construction vehicles and equipment will enter via the Botany Street construction gate and carry out all activities from within the construction site adjacent to the ASB.

Some intermittent noise is likely as a result of these works.

For any questions or concerns about this work, please contact the project team.

Thank you for your patience while we finalise work on this exciting project.

*Please note that all activity dates and times are subject to change.*
